

# BUILDING STOREYS 2010

A PHOTO EXHIBIT OF TORONTO'S INDUSTRIAL PAST

## Toronto's Aging Industrial Spaces

A collaborative effort by Heritage Toronto and members of the photography groups the **Shadow Collective** and **DK Photo Group**, "Building Storeys" is a visual documentation

and anecdotal exhibit of our city's heritage buildings and sites. By showcasing some of Toronto's industrial past we hope to change the perception of heritage in our city, by revealing some of the hidden beauty of these sites.
