

St Joseph's Health Centre is seeking members for its Women's Population Panel. The purpose of the Panel is to create a dialogue among health care consumers, community agency providers and health Centre staff. Panel members will come together to share information and experiences and to provide advice in an effort to facilitate women's centered care at St Joseph's Health Centre.

Interested volunteers to serve on the Women's Population Panel would have one or more of the following qualifications:

- Comfortable working in a committee structure and as a team member
- Good communication skills
- Knowledge of community issues through connections to other groups
- Interested in and/or familiar with issues that affect health and mental health outcomes for women
- Live or work in the St Joseph's Health Centre catchment area of southwest Toronto (ie Lakeshore to the south, Eglinton to the north, Ossington/Bathurst to the east and Mill Road/Etobicoke Creek to the west)
- Familiar with the services available to women at St Joseph's Health Centre
